

The HIV Community Planning Committee, as described in its bylaws, must be comprised of no less than 25 members and no more than 35 members. Members are selected from a pool of nominees to represent the epidemic in Virginia in terms of age, race, sex, sexual orientation, HIV risk, geographic locality and a variety of other life experiences and professional expertise. State agencies are also represented. Below are the members, listed by region. To contact any of the representatives, please contact Elaine Martin, health department co-chair at Elaine.Martin@vdh.virginia.gov or (804) 864-7962
